## MANY FATAL ACCIDENTS.

FOURTEEN ROASTED TO DEATH IN BOSTON.

Six Miners Killed in an Explosion—Servant and Child Burned to Death—Fatal Snowdrift—Casualties.

Boston, Mass., Feb. 3.—A terrible fire occurred on North street early Sunday morning, resulting in the death of 14 persons. The fire originated in a mysterious manner in the clothing store at 255 North street kept by a Jew. The flames quickly communicated to the floors above, which were occupied as an Italian boarding-house and contained a large number of lodgers.

So quickly was the place wrapped in flames that retreat for some of them was impossible, and they were roasted to death. Others attempted to escape by jumping from windows and thereby received serious injuries.

The complete list of the dead follows: MADALINA CIAROLONE, FILAMENTA CIAROLONE, GIACOMO CIAROLONE, A boy, son of Filament.

PASQUALINA CIAROLONE, FELICE CIAROLONE, MARTINE MARCHIONE, ROSA MARCHIONE, EMILIA MARCHIONE, Infant daughter of Marchione, RAFFAELI PETRILIZZO, TOMASIO PETRILIZZO, BELLESCANTAN, BENJAMIN SIMONDS.

A pawnbroker is suspected in connection with the origin of the fire.

**BURNED TO DEATH.**

A Servant Girl and a 9-Year-Old Child the Victims.

CHICAGO, Feb. 3.—Annie Johnston, a domestic in the household of William J. Ellis, aged 3 years, were burned to death last night while Mr. and Mrs. Ellis were absent. About 2 o'clock yesterday afternoon Mrs. Ellis called her wife left home to visit Mr. Ellis' brother. Upon their return home at 8:45 o'clock flames were seen bursting through the ceiling.

The upper floor is used as a nursery and for sleeping apartments for the servant girl and children. Mr. Ellis rushed upstairs and the sight that met his gaze was horrifying. Lying on the floor, their bodies burned to a crisp, were the servant girl and his 9-year-old daughter. The little girl's head rested on the bosom of the servant girl and her hands clasped a burned doll. Not a particle of clothing was left upon their bodies. Their shoes were not burned off, however, and small portions of their stockings were left.

After viewing the charred remains Mr. Ellis rushed madly down the stairs and told his wife. He then ran out on the street and gave the alarm.

Ellis made her way up to the stairway through the flames and smoke, and rescued their 9 months old baby. The little one was sleeping in a trundle-bed and was almost suffocated. The mother pressed the baby to her breast and rushed down the stairway out into the street.

The fire was soon extinguished and the bodies taken out. On the child's bed lay her night clothing, as though it had been put there by the servant girl. She was evidently putting the little one to bed when in some mysterious manner her clothing caught fire. It may have been a lamp explosion. Some of the servant's clothing was also lying on her bed, which would indicate that she, too, was preparing to retire.

**MINERS MANAGED AND BURNED.**

Six Men Killed in an Explosion and a Number of Others Injured.

WILKESBARRE, Pa., Feb. 3.—A cave-in occurred in the Nottingham shaft of the Lehigh & Wilkesbarre Coal company in No. 5 plane Saturday afternoon which drove the accumulated gas into the gangway where ten men were at work with naked lamps. An explosion soon followed, which resulted in the death of the following:

JOHN CROSSING, JOHN HUMPHREYS, EDWARD MORRIS, POWELL SCHULTZ, DAVID J. WILLIAMS, JOHN WILLIAMS.

The miners injured whose names could be learned are:

JOHN DENNIS, badly bruised. THOMAS DUKK, badly bruised. JAMES DUNN, badly bruised. DAVID FOX, burned and bruised. JOSEPH JONES, fatally.

PETER LEVY, bruised and cut. JOHN THOMAS, badly bruised and cut.

**ANOTHER BOSTON FIRE.**

The Sears Building, One of the Finest Structures in the City, Destroyed.

Boston, Mass., Feb. 3.—The Sears building, on the corner of Court and Washington streets, was badly damaged by fire this morning. The loss is estimated at \$250,000. The interior of the building is a total wreck and will have to be rebuilt. It was used for offices, and was occupied by the New York, New Haven & Hartford, and Chicago, Burlington & Quincy roads; also by the Atlas and Second National banks. Lawyers and business men who had offices in the building lost many valuable documents. The firemen had great difficulty in preventing the fire from spreading to Young's hotel adjoining. The Sears building was one of the finest in the city and its assessed value was \$100,000, insured for \$125,000. Among other occupants were the Lombard Investment company, New Hampshire Trust company, Equitable Trust company, and Quincy Railroad Bridge company.

**A \$100,000 BLAZE.**

Destruction of a Kansas City, Kan., Packing Establishment.

KANSAS CITY, Mo., Feb. 2.—A disastrous fire occurred last night at the plant of the Kansas City Packing company and the Chase Refrigerator company in Kansas City, Kan.

The flames started at midnight in the third-story of the 10-story building. Before they were discovered the entire room was in flames, and by the time the fire department had arrived on the scene the flames had communicated through the ceiling to the floor above. While the department was fighting the fire in that quarter the blaze spread to the building occupied by the fertilizing department. It became evident that both buildings were doomed and the firemen turned their attention to saving the adjoining structures. In this they were successful. The loss is about \$100,000; fully insured.

A week ago the plant was owned by Morris, Butts & Co. They reorganized the company at the solicitation of a Boston syndicate and sold to the latter the majority of the stock. The syndicate was composed of the following Boston men: J. B. Parker, F. H. O'Neil, A. F. Nathan, A. G. Sweeney, and A. J. Chase.

**A BLAZE AT DANBURY, CONN.**

Five Business Blocks Burned Down—Total Loss \$200,000.

DANBURY, Conn., Feb. 3.—Five business blocks fronting on Main street and running from Liberty street south were burned here early this morning, together with a cluster of wooden buildings in their rear. The blocks were owned by Charles Hull. Three of them were of wood and were occupied by George R. Stevens, art dealer; T. R. Foyt & Co., grocers, and Sam Harris, clothier. The next two were of brick and occupied as a house furnishing store by Hull & Rogers' establishment, and many people narrowly escaped with their lives.

The total loss is about \$200,000, as follows: Charles Hull, on buildings, \$125,000; insurance \$50,000; Hull & Rogers, on stock, \$60,000; insurance \$40,000; Stevens, \$15,000; Foyt & Co., \$10,000; Harris, \$5,000.

## DE MORES HITS DREYFUS.

The Editor Not Slightly Injured—Riot at a Circus—Maddists on the War-path—Foreign Gossip.

PARIS, Feb. 3.—The Marquis de Mores, well known in New York and the western States in connection with the gigantic but unsuccessful dressed-beef enterprise, fought a duel Sunday with Tom Dreyfus, editor of La Nation. The weapons chosen were pistols, and the distance twenty meters. The fight took place on the Belgian frontier near Commines. The Marquis was cool and calm, and the editor was somewhat nervous, but showed no sign of fear.

At the first fire M. Dreyfus was struck on the right arm, the ball burying itself in the biceps, but not breaking any bones. The bullet was immediately extracted by the surgeon, and although there was a considerable effusion of blood, the wounded man, finding that his arm was not disabled, demanded that the fight should be continued. While the seconds were consulting M. Dreyfus fainted from the loss of blood, whereupon the physicians of both parties declared that the gravity of the wound rendered him hors de combat. This put an end to the contest, the principals declaring themselves satisfied. M. Dreyfus was removed to a hotel.

**NO NEWS OF THE ERIN.**

The Hope That the Steamer Had Reached Azores Dispelled.

LONDON, Feb. 2.—Hopes had been entertained here that the first vessel to arrive from the Azores would bring news of the safety of the National line steamer Erin, now long overdue. These hopes, however, were dispelled to-day upon the arrival of the British steamer Gibraltar from St. Michael. The Gibraltar reports that up to her time of sailing nothing had been heard at the Azores concerning the missing steamer.

**RIOT AT A CIRCUS.**

A Baroque on Serpa Pinto's Exploits Enrages a Lisbon Audience.

LISBON, Feb. 3.—During a circus performance here the clowns represented Major Serpa Pinto and Castelar and a burlesque struggle in Makalolo. The audience became frenzied with anger and started in to mob the show. They seized and tore down the flags, and were only stopped from the most extreme acts of violence by the police. As it was the circus was wrecked. Many arrests have been made.

**Maddists Still on the War-path.**

LONDON, Feb. 3.—The news from South Africa has contradicted the reports that the Maddists had disbanded. The latest advice says that a strong force of Maddists is marching on Tokal, an important city near the Red Sea coast and a few miles from the mouth of the Baraka river.

**Will Not Affect the Political Situation.**

LONDON, Feb. 2.—The report of the resignation of Senor Ribeiro, Minister of Agriculture, in the Provisional government of Brazil, is confirmed by the dispatches received here to-day. His withdrawal, however, will have no effect upon either the political or financial situation of the country.

**An Austrian Physician's Discovery.**

VIENNA, Feb. 3.—Dr. Bokai, an eminent Austrian physician, claims to have discovered an antidote for rabies.

**NEW ELECTRIC DYNAMOS.**

Important Discovery Made by a Professor of the Johns Hopkins University.

BALTIMORE, Md., Feb. 2.—Prof. Henry W. Rowland of the Johns Hopkins university has devised several new electric dynamos, which are now to be seen at work in the large dynamo-room of the physical laboratory. The design is to obtain an efficient machine to produce a current in a most economical manner. It is believed that these machines, which look very different from the ordinary dynamo, will be able to do so, and they are now being tested. The bureau of electrical measurements has been engaged for a week making valuable experiments to test the efficiency of the "converters."

In a large basin, protected from the air by wooden covers, the converter is immersed, being inclosed in a water jacket. Thermometers measure the temperature and amount of water that runs through the jacket. Thus the calorific value of the electric current is able to do after coming from the converter is also measured. It is estimated that only 10 or 12 per cent of the current strength is lost in the converter.

**Martin Irons Married.**

LITTLE ROCK, Ark., Feb. 2.—A private letter received to-day from Fulton county, Arkansas, says that Martin Irons was married Thursday to Miss Maggie Van Horn, of Oregon county, Missouri. Irons figured in the strike. In the strike he was narrowly escaped by Maj. Towler. He has homesteaded 360 acres of land in Fulton county and become a farmer.

**Chicago Gamblers Indicted.**

CHICAGO, Feb. 2.—A grand jury appeared in Judge Waterman's court a little after 12 o'clock Saturday and returned the following indictments:

George Hankins, Harry Romayne, John Jones, Larry King, Ed. Jones, Henry Bassett, Charles Weatherbee, John Condon, Samuel Dahl, Andrew J. Scott and McCauley.

**A Gold-Bearing Meteor.**

MEMPHIS, Tenn., Feb. 3.—A meteor fell on the larger of the two Comanches peaks near Grandbury, Texas, Friday night, struck some overhanging bowlders and rolled them down the mountain side narrowly missing Maj. Towler's house. It will weigh several hundred tons. Fragments of it contain nuggets of gold.

**Counterfeiters Run to Earth.**

DULUTH, Minn., Feb. 3.—Runners are prevalent that a gang of counterfeiters has been run to earth at West Superior, Wis. Officers of the government have been looking the matter up for three or four months and several quantities of the queer have been traced back to that place.

COMBAR AGAINST LAUBE.

The Case Decided on Saturday Evening by Judge Winslow.

The case of Frederick Gombar and wife against Charles Laube, Sebastian Laube and others, which has occupied the time of Judge Winslow the greater part of the time for the last three weeks, was concluded late Saturday afternoon and resulted in favor of the defendants, the judge giving his opinion soon after the conclusion of the arguments. The action was commenced in Green county and the place of trial changed to Rock County by stipulation. Judge Winslow heard the case at the request of Judge Bennett and the action was brought to compel the defendant, Ohas. and Sebastian Laube to convey to the plaintiffs four hundred and twenty-eight acres of land in Green county, a business block in Broadhead and three hundred and twenty acres of land situated in Marathon and Lincoln counties, and for an accounting on the ground that the title to the property had been obtained from Gombar by fraud, and undue influence. The defendant, Laube, being the son-in-law of Gombar.

The court held that there was no fraud or undue influence, and that the conduct of the Laube's had been open and upright, and that no advantage had been taken in any way of the plaintiffs.

The action was brought by B. B. Eldridge, as attorney for the plaintiffs, and he was assisted at the trial by Wm. Rogers, Esq. Messrs. Smith & McKeay, of this city, and Senator Clawson, of Monroe, conducted the case on the part of the defendants. The value of the property in question was from \$16,000 to \$28,000.
